

Acknowledgements

This proceedings was funded in part by the Western Transportation Institute (WTI) of Montana State University at Bozeman and produced by the Center for Transportation and the Environment (CTE) at North Carolina State University, located at the Institute for Transportation Research and Education (ITRE). CTE thanks the Federal Highway Administration of the U.S. Department of Transportation for its role as the primary financial sponsor of the ICOET programs and the conference proceedings.

CTE also thanks the following for their assistance in the development of this publication: C. Leroy Irwin, ICOET 2003 committee chair, and the ICOET 2003 planning committee members for organizing an outstanding technical program and providing guidance in the organization of this document; Amanda Hardy and Kate Heidkamp of WTI for coordinating WTI's financial support of the printing and distribution of the proceedings; Ayesha Peppers and Rhonda Cooley of CTE for working with the authors to prepare their manuscripts for publication; Lisa Terwilliger and Lisa Gullette of ITRE's Communications Office for cover design, final layout, and oversight of the printing process; and finally, to the authors, who in contributing to this proceedings are significantly expanding the body of knowledge about the ecological aspects of surface transportation.

Bibliographic Citation

Please use the following format to cite works from this proceedings in other publications:

[Author last name, first name]. ["Title of Technical Paper"]. In *2003 Proceedings of the International Conference on Ecology and Transportation*, edited by C. Leroy Irwin, Paul Garrett, and K.P. McDermott. Raleigh, NC: Center for Transportation and the Environment, North Carolina State University, 2003.

Cost Statement

500 copies of this public document were printed for a total cost of \$8878.86, or \$17.76 per copy.
